

Worcester County Public Schools Responsible Use Policy (RUP) Grades Pre-K to 5

I will use the Internet responsibly. I will not give personal information over the Internet.

- ❖ This means that I will use the school's electronic device and Internet for school purposes only. I will not try to find information that is not a part of my classwork. If I find or receive information or pictures that I shouldn't see, I will tell an adult immediately. I will not send or receive e-mail without permission.

I will not use WCPS devices to copy others' work.

- ❖ This means I will not take others' work from WCPS issued devices and pretend it is my work. I will follow my teacher's directions for using information and pictures that I find on the Internet.

I will take care of all WCPS devices and accessories.

- ❖ This means I will not damage any WCPS devices, or any accessories associated with them. I will keep my data and passwords safe. I will not change any of the settings on the iPad.

I will use my WCPS device for classwork and school-related work only.

- ❖ This means that I will not play games that are not approved by my teacher.

Breaking the rules of the RUP will get me in trouble and I may lose the privilege to use any WCPS devices!

.....
Please, mark the corresponding box related to your child's iPad and Hotspot needs.

iPad: Without this device my child would not have access to their own connected device to sufficiently participate in remote learning.
